

# COURSE PAGES

## What can I expect to see on Course Pages?

**General Course Information** is at the top of the page (*figure 7*). The most important information is the Lecturers announcements (or News forum), and the Course Unit Booklet.

**Assignment Block** (*Figure 8*). Here you'll find information on your upcoming assignments. It's also where you hand-in your assignments and later look for the return of marked assignments.

**Weekly blocks** (weeks 1 to 12) Contain course material as shown in *figure 9*. A course can contain a range of resources that you will need to assist you in your study. These can take various forms e.g. word documents, images, video, web links, pdf files, PowerPoint presentations. Your lecturer may also include a number of activities to help consolidate your learning, most commonly forums and quizzes.

**Side blocks** give you additional information, such as a list of e-books (not shown).

## What if I can't see the current weeks learning materials ?

Your first step is to contact your lecturer. The expectation is that lecturers make the current weeks' course page visible by 10am each Monday. If you're having difficulty contacting them, email Maree at
